

Alejandro *Blanco*

SENIOR MOBILE SOFTWARE ENGINEER

alejmedina@duck.com • Lodi, CA • Remote

Senior Mobile Engineer with 4+ years building consumer fintech on Android. Known for taking full ownership of complex features, from defining how the app communicates with backend services to shipping the final screen users interact with, and for leading cross-platform mobile teams. Currently pioneering AI-assisted development at EarnIn, building the workflow infrastructure the entire mobile team relies on daily.

EXPERIENCE

EarnIn

Palo Alto, CA • Remote

SENIOR SOFTWARE ENGINEER • AUG 2022 – PRESENT

- › Led 7-engineer cross-platform team (3 Android, 4 iOS) to launch and GA the EarnIn Card, driving 600K+ waitlist signups, 1M+ Live Pay transactions post-launch.
- › Built Account Activity: full Android ownership of EarnIn's ledger-based transaction system, covering BE/FE contracts, engineering design, Jetpack Compose UI, and product/design iteration.
- › Defined scope, timelines, and stakeholder alignment across multiple product initiatives; drove API contract definition across product, design, and backend teams.
- › **AI Mobile Lead:** Architected EarnIn's AI-assisted mobile development workflow — memory management, custom local CI tooling, emulator/simulator automation, and iOS/Android best practices. Adopted team-wide.

eBay

San Jose, CA

SOFTWARE DEVELOPER • SEP 2021 – AUG 2022

- › Identified and resolved backend bugs across high-traffic Buyer Experience purchase flows.
- › Assisted migration of legacy Spring services to Spring Boot, modernizing the backend architecture.
- › Updated and validated Jenkins CI/CD job configurations to ensure correct pipeline behavior post-migration.
- › Monitored Grafana dashboards during rollouts to verify metrics aligned with expected baselines.

TECHNICAL SKILLS

MOBILE Kotlin • Jetpack Compose • Android SDK • MVVM • Dagger • Swift

TESTING JUnit • MockK • Espresso • Automation Testing

OBSERVABILITY Firebase • Amplitude • DataDog • Optimizely

CI / CD Jenkins • Git

AI TOOLING Claude • Cursor • Codex

EDUCATION

California State University, Sacramento

Aug 2021

B.S. Computer Science
